Job Posting : CW19-007

ContainerWorld located in Richmond, British Columbia is a premier logistics provider for the beverage industry; privately owned company with approximately 400 employees throughout its four facilities. We are a state-of-the-art forwarding, warehousing and distribution Company. We have upgraded our Warehouse Management System to include voice picking, interleaved put-away/replenishment and license plated inventory with RF scanning. We also upgraded our ERP, CRM, Cargowise and added Kronos T&A applications to prime us for our expansion into other provinces. ContainerWorld actively supports Lean Six Sigma concepts.

Position: Inventory Controller/Cycle Counting

Hours: Mondays to Fridays 3:00pm to 11:30pm (must have own transport)

Position Description:

Working under general supervision as required, methodically audits the inventory accuracy of our warehouse facility and system with the purpose of report, fix and identify problems so that they could be presented and escalated and addressed by the appropriate department. Is responsible for efficiency and effectiveness of own work.

The main responsibilities for this position include:

- Cycle count audits
- Analyze count data report to appropriate areas
- Reconcile and resolve count discrepancies where possible
- Customer and annual physical counts
- Coordinate count
- Reconcile inventory (book to physical inventory)
- Response to customer queries

The successful candidates will be detail oriented, have excellent analytical skills and understands cycle count concepts or has inventory experience. Prior employment in a warehouse setting will be considered an asset.

Computer skills including Excel is a must.
